The Best Promoter.

The carefully prepared and well displayed advertisement is the most successful "promoter." It "sells" more people in one day than the average human promoter can interview in the whole of his professional career. It appeals to the reader directly and convincingly, and catches trade that could not be influenced by the most eloquent talker. The wise business man employs the most potent agent to strengthen and increase his business.

Have you seen the locomotive as she struggles up the slope, panting, blowing, shrieking onward, like a traveler spurred by hope, onward, upward, ever pressing, like a being with a soul?

But the power that propels her is a sheaf of coal.

Still she now, and then is calling for a sheaf of coal.

So in life we upward journey, up life's troublesome ascent.

To the Mecca we are seeking, earnestly our hearts are turned.

But the power that propels her is a sheaf of coal.

True, some early struggle upward till they reach the mountain height, then perhaps the idly waiting where the journey is more light.

Still again they reach the bottom, but the fellow who keeps shoveling the coal.

THE OLD AND THE NEW.

It Was a Slow News Service Sixty-three Years Ago.

One of the most astonishing achievements of the Victorian Era is the rapidity with which news is transmitted.

The New York Herald files, in looking over its files of 1837, that William IV. died (June 20th), and the young Victoria was awakened and saluted as Queen. The news of the King's death was brought to this country by the packet ship St. James, sailing from London, and did not reach New York until forty-five days after the event.

Contrast that tedious delay with the posting of physicians' bulletins and state proclamations in America, Australia and India almost before the ink with which they were written at Osborne or London was dry!

Even Shakespeare's Puck was slow when he proposed to "put a girdle round about the earth in forty minutes."

Sixty-three years from now our methods of transmission be considered as slow and antiquated as we consider those of sixty-three years ago?

ALONZO WALKER'S WOES.

The Gruffy Louisville Stenographer Still After Big Money.

The suit of Alonzo Walker of Louisville against Governor Taylor, Adjutant General Collier, Colonels Williams and Mengel, and Captain Hoase J. Cochran of this city, for \$50,000 damages for false imprisonment, will be tried at Frankfort this week.

As Judge Cantrell will preside it will not be very difficult to foresee the result.

Walker will be remembered as the "patriot" who served the Goebellie conspirators as stenographer—and presented a bill of several thousand dollars for the taxpayers of the state to settle.

He was arrested during the troubles at Frankfort last spring while acting as Deputy Sheriff and trying to serve a civil process on Governor Taylor from the local Court. He was held several days as a military prisoner, Taylor and others charging him with trying to incite mutiny among the soldiers.

Captain Cochran was in command of the Maysville soldiers that arrested and guarded Walker.

IN OLDEN TIMES.

People overlooked the importance of permanent beneficial effects and were satisfied with transient action; but now that it is generally known that "Rup of Pae" will permanently overcome habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system. Buy the genuine, made by the California Fig Syrup Co.

Herbina should be used to enrich and purify the blood, it cures all forms of blood disorders, is especially useful in leprosy, skin eruptions, boils, pimples, blackheads, scrofula, salt rheum and every form of blood impurity; it is a safe and effectual cure. Price, 10 cents. J. J. Wood & Son.

FACTS ARE STUBBORN.

If Maysville People Are Not Convinced By Local Testimony They Differ From Other People.

Facts are stubborn. Some may be disputed. None can be disproved.

A fact is always hedged about with proof; Has to stand the test of investigation, Or it drifts to the realm of doubt; Investigate closely the following; The closer the scrutiny the more convincing the results.

A Maysville citizen speaks here— Speaks from experience and conviction.

Mr. Frank Burgoyne of 331 East Third street says:

"Greater praise cannot be given Doan's Kidney Pills than their wonderful merit fully deserves. I procured them at J. J. Wood & Son's Drugstore, corner of West Second and Market streets. The use of this remarkable remedy demonstrated beyond question that if taken properly a cure surely will follow."

It sale by mail, doan's price 50 cents a box. FOSTER-MILBURN CO., Buffalo, N. Y., Sole Agents for the United States.
